Subject: Additional language for Passaic Proposed Plan?

Ray Basso was expecting some language from you for the Passaic Proposed Plan – he thought we might receive it before 12 noon today?

I am just double checking that you did not send the language only to Ray, because Ray is not at his desk to receive it. Please cc: me with the language, so that I may incorporate it into the Proposed Plan.

I have produced the next version of the Proposed Plan that addresses the issues we discussed on the phone yesterday and incorporates the Enck-Stanislaus agreement language. I was hoping to be able to get that to you today.
